## A First Church Kids' Musical

### **What is Heroes of the Faith?**

A 40-minute musical production by Fred Bock Music Company in which "Biblical characters come to life to teach modern day children how to become heroes. The children learn lessons of faith when they discover David, Deborah, Elijah, and Moses while touring a museum exhibition. These Bible heroes tell about their exciting adventures and how ordinary people become extraordinary heroes who can change the world - or at least their world - when they listen and follow God's command."
